## Summary

As a designer enthusiastic about education, I am eager to join a respected organization, dedicating my skills to advancing institutions, fostering growth, and thriving in a dynamic work environment.

## Experience

### Product Designer

Jul 2024 - Present

Cybernaut Edu Tech LLP

- Worked in end-to-end product design, from concept to final implementation, ensuring seamless user experiences.
- Taught a semester-long course on user experience design to final-year students at SSN Engineering College, inspiring the next generation of designers with practical insights and industry knowledge.
- Collaborated with cross-functional teams to align design goals with business objectives, driving impactful results.
- Conducted user research, created prototypes, and implemented design systems to ensure consistency and scalability across projects.

### UI/UX Designer

Sep 2023 - Mar 2024

PK Innovatives

- Specialized in developing intuitive and visually compelling designs that enhance user-centric solutions at PK Innovatives as a UI/UX.
- Gained practical skills in crafting engaging digital experiences.
- Focused on creating designs that improve user experience and satisfaction.
